RATES VERY REASONABLE.

TO THE PUBLIC.

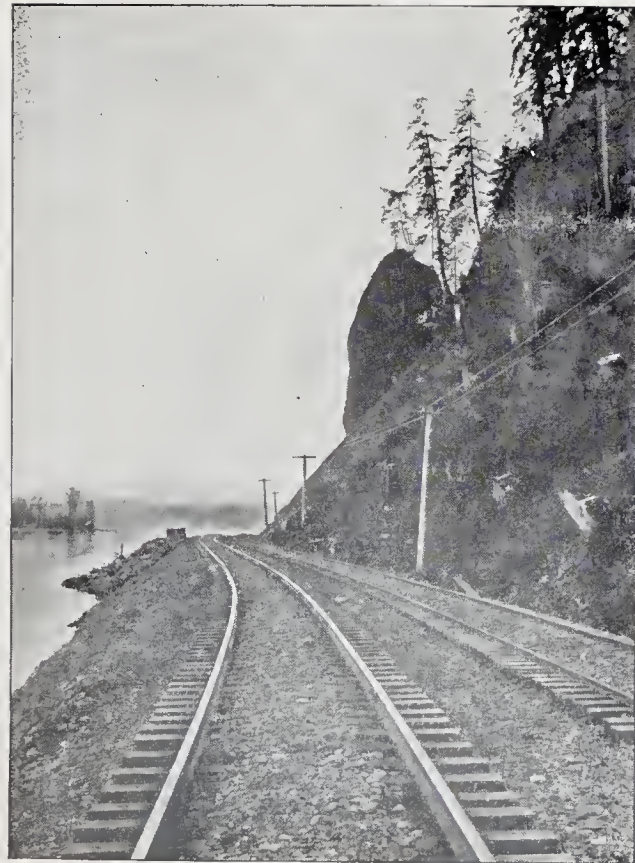

The managing committee of the eighth Annual Regatta present to you this souvenir and program with the intention that it will serve as a guide and enlighten you relative to all matters pertaining to the regatta and carnival.

This regatta, like its predecessors, represents all that is good and clean in aquatic and field sports and exhibit the very best talent on the Pacific coast. Careful attention has been given to the arrangement of the

program and the committee promises that every feature advertised will occur. The people of Astoria on these annual occasions lend their financial support in your behalf, thus enabling the committee to leave no stone unturned to make it as pleasant as brain and money will allow.

With all this accomplished the committee welcome you within the borders of the city to enjoy the fruits of its labor, and trust to your judgment whether the Eighth Annual Regatta was a success. If King Neptune has pleased you, we respectfully ask you to be with us again next year.

The Astoria & Columbia River Railroad

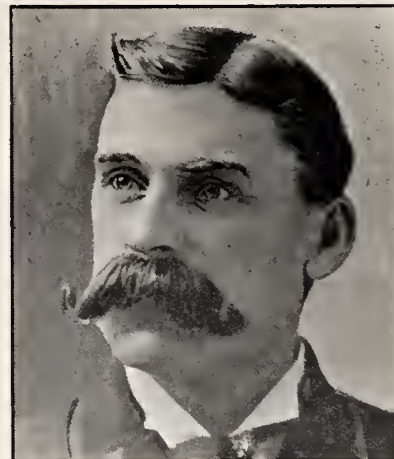

Parallels the Willamette and Columbia Rivers from Portland to the sea; its roadbed, construction and equipment is not equaled on the Pacific Coast and not surpassed west of Chicago. Two trains each day affords a continuous ride in a luxurious parlor car or day coach from Portland to the seacoast in four hours, and to Astoria in three hours and thirty minutes. At the latter point connection is made with all Bay Boats and Coastwise Vessels.

RULES AND REGULATIONS.

C. H. STOCKTON, Director of Parades

Every sloop shall carry her private signal at the peak. A racing flag must also be carried by catboats at the masthead. Any sloop or catboat not complying with this rule, unless prevented by an accident occurring after starting, shall forfeit all claims to a prize.

Rule 5. Meeting Boats going free must always give way to those by the wind. Boats on the starboard tack shall have the right of way. If two yachts are meeting end on, or nearly end on, so as to involve risk of collision, the helms of both shall be put to the port so that each may pass on the port side of each other.

Rule 6. Overtaking, Rounding, Etc. A boat overtaking another shall keep out of her way, but when rounding any buoy or vessel used to mark out the course, if two yachts are not clear of the mark, whether it be the lea or weather boat which is in danger of fouling it. No boat shall be considered clear of another, unless she is so much ahead as to give the other a free choice on which side she will pass. An overtaking boat shall not, however, be justified in attempting to establish an overlap, and thus force a passage between leading boat and the mark, after latter boat has altered her helm for the purpose of rounding.

Rule 7 Obstructions to Sea Room. When passing any obstruction to sea room, should boats not be clear of each other, the outside boat or boats must give room to the boat in danger of fouling such obstruction, whether it be the lea or weather boat; provided, always an overlap has been established before an obstruction is actually reached.

The Regatta Committee have full power over all races. All questions arising in the sailing of various events shall be settled by the judges, and their decisions shall be based upon these rules so far as they will apply, and such decisions, if no appeal is made to the general committee, shall be final. The judges shall make reports of the results to the general committee of each day's races, within five hours from the ending of the last race, after which the secretary shall give to the owner of each winning boat, an order on the treasurer, approved by the chairman of the general committee, for prize won, if no appeal be made as above.

Rule 1. Measurements. Owners desiring to have their boats measured shall give notice at the regatta headquarters, within a reasonable time before the first day of the regatta.

Rule 2. Entries All entries must be made at regatta headquarters before the first day of the regatta. Entry fees for all sailing and rowing races, one dollar.

Rule 3. Prizes. No prize shall be awarded in any race unless two or more contestants start.

Rule 4. Classification, Courses and Sails. Will be designated by the regatta committee in each day's program.

F. J. CARNEY, Grand Marshal.

LITHOGRAPHING ON TIN A SPECIALTY.

ASTORIA, OREGON.

The celebrated Multnomah field has been engaged for outside sports for the Portland Carnival.

H. BREWER,
Champion Amateur Swimmer of the United States.

Rule 8. Luffing and Bearing Away. A boat may luff as she pleases to prevent another boat from passing to windward but must not bear away out of her course to hinder the other passing to windward. The lea side to be considered that on which the leading boat of the two carries her main boom. The overtaking boat, if to leeward, must not luff until she has drawn clear ahead of the boat she has overtaken.

Rule 9. Close Hauled Approaching Shore. If two boats are standing towards a shore or shoal, or toward any buoy, boat or vessel and the boat leeward is likely to run around, or foul of such buoy boat or vessel (except as provided in rule 6) and is not able to tack without coming into collision with the boat to windward, the latter shall at once tack on being hailed to do so by the person sailing the leeward boat, who must see that his own boat tacks at the same time.

Rule 10. Fouling. Each of the boats must fairly round the course, and must not touch any buoy or vessel need to mark it out, but shall be disqualified if wrongly compelled to do so by another boat. If a boat in consequence of her neglect of any of these rules shall foul another boat, or compell other boats to foul, she shall forfeit all claims to the prize, and shall pay all damages.

This rule applies to fishing boats (anchor start) only after they have rounded the first buoy, no foul being allowed from the start to the first bnoy.

Rule 11. Propulsion and sounding. No means of propulsion, except sails shall be allowed. Nothing but a hand line and lead shall be uset for sounding during a race.

Rule 12. Protests. Any boat desiring to protest must at once show the regatta signal conspicuously in the rigging, and keep it flying untill she has crossed the line or has entered her protest. Protests must be made in writing, within two hours after the conclusion of the race.

Rule 13. Sails. Scow schooners and cannery tenders will use only their working sails. Fish boat race, working sails, sails limited to 46 yards mainsail and 26 stunsail. In fish boat race, racing, no limit to sails. Winner of first prize in fishboat race, (sailing first day) will not be able to participate in the second day's race.

Rule 14. Starting. Five minutes before the time for starting of each race a preparatory gun will be fired from the flagship. The second gun is for starting and any boat failing to cross the line within 5 minutes after the second gun shall be disqualified.

PROGRAM STREET FAIR AND CARNIVAL.

G. C. FULTON, Director General.

At the street Fair there will be on exhibition a variety of shows which are collectively called Midway. These will include a trapeze performance by the Austin sisters who make two performances each afternoon and evening. At the first act there will be only two sisters who will show, the act ending with a head downward walk from a board suspended 50 feet in the air, Miss Aimee Austin performing the part of a human fly! At the second act all three sisters perform a very graceful performance on the revolving triune trapeze which once seen will never be forgotten.

The high dive as made by Professor Rose from the tallest ladder procurable in the city must also command much admiration. The height leaped from in this city will be about 60 feet, although the professor holds a record of 112 feet. He takes off in various ways turning a somersault in the air, sometimes coming down head and sometimes feet foremost, sometimes leaping with his face turned toward the diminutive tank and sometimes his back. The depth

of the water jumped into is only six feet.

The Algerian theatre, the streets of all nations, the streets of Cairo and the Mexican village all contain features of interest in the way of acrobatic and dancing of various sorts, from the hornpipe of the sailor to the muscle dance of La Belle Fatima, and the whirling of the dervish Hadji la Mahafode Cheriff. The nauch of the Indians and the agile performances of the Arabs are worthy of special attention as are also some of the graceful feats of the Japanese.

The lunette show with its extraordinary illusions is also worthy a visit.

The German village is really a high class vaudeville show with some extraordinarily good numbers among which may be reckoned the acts of the Tyroleans.

The wild animal show now under the charge of that wonderful trainer Col. Boone is sure of popularity. The lion Nero is thought to be one of the largest if not actually the largest in captivity and the other lions though smaller are so fierce that the trainer has his work cut out in dealing with them.

The Indian juggling and the fortune telling of the Syrian horoscopist and astrologists Meena always come in for their share of the patronage of visitors.

The commercial section of the Fair includes exhibits of the leading merchants and canners of the city together with a fine State exhibit of the Fisheries generally.

CUTBIRTH'S

COPPER PAINT

FOR THE BOTTOMS OF VESSELS AND BOATS

TO PRESERVE THEM FROM WORMS, BARNACLES, MOSS, GRASS Etc.

MANUFACTURED BY C.M.CUTBIRTH ASTORIA, OREGON.

W. P. FULLER & CO., Agents, Portland.

ASTORIA, ORE., Aug. 8, 1900.

TO WHOM IT MAY CONCERN:

This is to certify, that we have used with satisfaction, the Copper Paint manufactured by Mr. C. M. Cutbirth on our fishing and other boats and found after a season's work, that after a season's work, that the boats kept clean, free of grass and dirt, and retained quite a good cover of the paint.

Respectfully yours,
Columbia River Packers' Association,
WM. H. BAKER, Supt.

ASTORIA, ORE., July 25, 1901.

MR. C. M. CUTBIRTH, Astoria, Ore.

Dear Sir:—You asked us how we liked your Copper Paint. In answer we will say this is the second year we have used your paint and it has given satisfaction. We can recommend it to be a first class article.
